

# Anders Nørgaard

Cand. Arch MDD

Anders Nørgaard is a well-known furniture designer in Europe and the winner of several design awards. He has also been honoured by the Danish interiors and lifestyle magazine, Bo Bedre, which named him as one of the top five designers in Denmark. His vision behind the development of the Cubic range was that it should be like a beautiful, functional piece of furniture. This striking range is the result of 1½ years' concentrated work.

# CUBIC

Cubic is a minimalistic, modern wood-burning stove with clean lines and a design that look good in many homes. The Cubic range is designed by Anders Nørgaard, who set out to design a beautiful and functional wood-burning stove. The models in the range each have their own very different look to suit a multitude of different interiors; from the discreet stove to the tall or the oblong stove, both of which can be freestanding or wall-mounted.
